CAPABILITY STATEMENT

COMPANY SNAPSHOT

SBA Certified 8(a),
Autonomic Enterprise Inc.
(AE), Minority-Owned,

Socio-Economically
Disadvantaged S-Corporation,
Valid Through May 2029.

SBA Approved Participant in SBA
Mentor Protégé Program (MPP),
gains mentor's IT experience,
expertise, and corporate
capabilities.

SBA Approved 8(a) Joint Venture
(JV) Autonomic Integra LLC (AI),
CMMI Level 3 (DEV/SVC)
appraised, ISO certified, and
DCAA-approved best practices.

ABOUT AUTONOMIC ENTERPRISE

AE is uniquely positioned with decades of IT and systems engineering expertise providing advanced digital automation across DoD, IC, and federal civilian agencies. AE's zero-based, Artificial Intelligence (AI)-enabled digital transformation, and self-defending operational services enables federal agencies broaden their mission, reset the cost base, and invest in new strategic priorities to effectively manage the impacts of ever-changing congressional mandates and disruptive technologies. AE has proven core expertise implementing enterprise IT "Service-Oriented" enterprise architectures, and cloud computing "As-a-Service", ultimately providing autonomized AI computing "self-managed" solutions. AE consistently attains the highest level of recognized and sustained customer satisfaction.

CORE COMPETENCIES

- Digital Transformation Strategy, Enterprise Architecture, Blueprint, & Transition Roadmap.
- Agile SAFe Integrated with Agility DevSecOps Platform designed and built for the Continuous Dev./Integration/Deployment/Monitor/Feedback.
- Hyper IT Cloud—cognitively and dynamically adjusting resources to meet usage needs.
- Data Analytics Advanced by AI/ML Practices — scalable, agile, and trusted platform facilitates fact based, resource-informed decision-making.
- AI Large Language Models (LLMs) to recognize, translate, predict, or generate text/other content.
- ChatGPT and Azure OpenAI for advanced data analysis plugins.
- Digital Twin Tools to pair digital, natural processes or physical objects for a real-time analytical decision making.
- Enterprise IT Privacy Support based on the NIST Privacy Framework + Risk Mgmt. Framework.
- NIST Single Security Architecture Compliance, Governance, & Risk Mgmt.; and Cybersecurity Lifecycle integrated with DevSecOps.
- Cybersecurity, Zero Trust Resiliency, SOC-Ops, AI/ML, Cyber Self-Defense, and Information Security Intelligence Optimizations.

PRIMARY NAICS CODES

- 511210 Software Publishers
- 517919 All Other Telecom
- 518210 Data Processing/Hosting
- 54151 Highly Adaptive Cybersecurity
- 541330 Engineering Services
- 541511 Computer Programming
- 541512 Computer Systems Design
- 541513 Computer Mgmt.
- 541519 Computer Services
- 541611 AM & GM Consulting
- 541618 Mgmt. Consulting
- 541690 Science & Technical
- 541710 Research & Development
- 541712 Research & Dev., No-Biotech
- 541990 Prof., Science & Technology
- 927110 Space Research & Technology
- 518210 Computing Infrastructure

KEY DISCRIMINATORS

- Prime IDIQs: GSA MAS 8(a), GSA HACS, 8(a) STARS III, and U.S. Navy Seaport-NxG.
- SB-Approved 8(a) JV, TS FCL – \$100M+ IT experiences, DCAA approved, CMMIL5, ISO 9001/20000, 27001/EVMS.
- Award-winning largest Enterprise IT Transformation— Enterprise Lifecycle, Agile Release Train & CI/CD.
- Certified Cloud Architect, Agile Master, Salesforce Architect, PMP, AI, IoT, Blockchain, GovCloud & MilCloud expertise.
- AI/ML/DL/LLMs/Digital Twin/ChatGPT.
- Autonomic DevSecOps—CI/CD Canary Deployment.
- Zero-Trusted Single Security Architecture, Lifecycle, Cybersecurity Governance, Risks & Compliance.
- Enterprise IT Information Security & Privacy Compliance.
- Strategic Partnership supporting PRIME Leidos \$2.4B/10 Year NASA AEGIS contract.
- Prime Contractor - NASA IT-Enabled Space Studies, Global Climate Modeling, Climate Impacts, Exoplanetary Climatology, data analysis & massive petabyte scale storage.
- Prime contractor - FAA Privacy Support Services, DOL Job Corps Drupal/DevSecOps Support, DoDDTIC ITSS.
- Innovating i5T Center of Excellence—Streamlines and expedites reach-back capabilities in innovation, information, intelligence, infrastructure, integration, and Technology (i5T) utilizing 250+ skilled resources.
- Enabling USG Missions to Citizens at: Treasury, DOL, NASA, FAA, DOL, DoD [Army, DTIC, Navy, NGB].

FEDERAL AGENCIES SUPPORT EXPERIENCE
